## **Rediscover the magic of outdoor living**

This year, Breeze House invites Brits to rediscover the magic of outdoor living as we commemorate three decades of crafting luxury garden gazebos for British gardens.

From the beginning, we've been dedicated to crafting garden gazebos that seamlessly blend luxury, versatility, and functionality. Our signature open-sided design not only brings you closer to nature but also offers uninterrupted views, creating a sanctuary for relaxation and rejuvenation. With all the health and wellness benefits that outdoor living brings, our luxury garden gazebos provide a tranquil retreat right on your doorstep without compromising on comfort.

At RHS Chelsea Flower Show 2024, we will unveil four stunning looks for our luxury garden gazebos, each inspired by the very latest outdoor living trends.

Our showstopper is the Oval Savannah 'The Sanctuary Spa'. Featuring a deep copper bath for a refreshing plunge and a sumptuous day bed to lounge on in your fluffiest towel robe. Teeming with foliage and positively charged ions, this garden gazebo is the at-home spa of your dreams.

The Oval Cape transforms into a sophisticated party zone, adorned with an ombre ceiling and twinkling chandelier, setting the stage for elegant soirées celebrating any occasion, from monthiversaries to gender reveals. Let the bubbly flow and laughter fill the air.

Every garden deserves a reading nook, and bibliophiles will find peace in the Mara Breeze House with its integrated curved bookshelf. A secluded sanctuary to lose yourself in the pages of a book while surrounded by the beauty of nature.

Finally, escape to an enchanted woodland with the Savannah, adorned with fairy lights and magical toadstools creating a whimsical atmosphere straight out of a fairy tale.

Join us on Royal Hospital Way as we showcase the unparalleled beauty and functionality of Breeze House luxury garden gazebos, retaining the same magic that has enchanted customers

for three decades. Whether you seek an imaginative retreat or a stylish outdoor entertaining space, Breeze House has the perfect garden building to elevate your outdoor living experience.

### **About Breeze House**

At Breeze House, we've crafted deeper connections with nature for 30 years, enhancing owners' health and happiness. We redefine outdoor living inviting you to be in your element and enjoy the revitalising power of nature in style and comfort. This year's 'Be In Your Element' campaign takes a closer look at nature's elements, exploring how each contributes to our well-being. From the calming influence of wind to the grounding power of earth, the healing touch of water, and the energising warmth of fire, each element plays a crucial role in supporting health and happiness. Explore how a Breeze House delivers a wellness retreat like no other with the perfect mix of nature and luxury.
